Elegant fireplace of strict and simple shapes. The fireplace frieze consists of three parts, the side parts of which are a continuation of the flat fluted pilasters, which makes the fireplace even more graceful. Fine, graphic Pompeian style carving decorates the flat panel of the frieze.

Chapter of history: Installed at Konstantin Palace: State complex “The Congress Palace” in Strelna, Saint-Petersburg, 2003, museum area.

Fireplace cost is on demand.
