### “MILES DE FLEUR”

Reproduction of antique fireplace

ОБРАМЛЕНИЕ ТОПКИ

Hand-carved

РАЗМЕР  
1390 X 1160 X 360

It is the Rococo style fireplace reflecting the best of its findings. The sea shells, adorning the front panel and fireplace console, smoothly flow into wreaths of roses, flowers and leaves. Small size adds a special charm and elegance to the fireplace. The fine and graceful carvings are a true masterpiece. It is a detailed and accurate copy of old French fireplace dating back to 1730.

КАМИН АРТ. 01.01.040

Chapter of history: In 2003, the fireplace was installed in one of the rooms of Konstantin Palace in Strelna (the Congress Palace) for the purpose of strict recreation of a historical epoch.

Fireplace cost is on demand.
