Russian Classicism style fireplace. This fireplace wonderfully combines monumentality, simplicity and clarity of forms with the magnificent soft-curved floral ornaments. Statuario marble caryatids add to the fireplace not only grandeur, but some romantic notes as well.

Chapter of history: Moscow City. Grand Kremlin Palace. Under the patronage of I.S. Glazunov the interiors of architect K.A. Ton were reconstructed; and six fireplaces were specially recreated for this purpose (1998-1999). This fireplace is a reproduction of the fireplace located in the State Hermitage.

Fireplace cost is on demand.
